

Every scout who participates in activities needs to have the Boy Scout Annual Medical Forms A+C completed and on file with the troop.

Each scout who participates in activities lasting greater than 72 hours needs to have the Annual Medical Forms A, B and C. These forms are needed for summer camp, along with a medication administration form that we are tracking down now. Part B is a physical needed to be completed by a health care provider.

These forms can be found in the download section on the troop web site:

[www.bsatroop382.com/Download1.html](http://www.bsatroop382.com/Download1.html)

Each scout who needs to complete Medical Forms A, B and C also needs both sides of his health insurance card copied and attached to his forms.

Please remember if your son is attending summer camp to have the required forms completed by July 12, 2011. Anne Arundel schools are out for summer on 6/14/2011. Camp begins 7/31/2011. All forms need to be given to Colleen Grubb by July 12, 2011.

Schedule his physical now, before it gets too busy.

Thank you  
Colleen Grubb  
Health and Safety Officer  
Troop 382
